Consulting Experience

Consultant, Analysis of Economic Loss, provided reports detailing loss of income due to injury or death, 1995 - present.

Consultant , worked on an analysis of the economic and social impact of Obstructive Sleep Apnea, 2008.

Consultant, worked on an Analysis of the cost projections of a paid Family Medical Leave Mandate

in New Jersey, 2008.

Consultant, Economic Analysis, worked on An Economic and Fiscal impact study of a Hospital and University, 2007.

Consultant, worked on an estimate of the cost of a proposed state mandate for autism, 2007.

Consultant, worked on an analysis of the impact of taxing access to the internet, 2007.

Consultant, worked on an analysis of the economic and environmental benefits of broadband services, 2007.

Consultant, worked on an analysis of the benefits and costs of the Family Medical Leave Act, 2007.

Consultant, worked on an analysis of the valuation of the right of way for fiber optics, 2006.

Consultant, worked on an analysis of the valuation of a magazine, 2006.

Consultant, Telecommunications, worked on an analysis of the divestiture of a telecommunications company from a telecommunications holding company, 2006.

Consultant, Pharmacoeconomics, worked on an economic analysis of the use of Epo in kidney dialysis, 2005.

Consultant, Economic Analysis, worked on an economic and fiscal impact study of a university, 2005.

Consultant, Automotive, worked on the determination of the value of an automobile dealership franchise in an antitrust case, 2005.

Consultant, Pharmaeconomics, worked on an economic analysis of a supplement as an adjunctive therapy for the control of diabetes, 2004.

Consultant, Pharmacoeconomics, worked on an economic analysis of the role of wireless capsule endoscopy in the diagnosis of Crohn's disease, 2004.

Consultant, Statistical, worked on an analysis of statistical problems with an audit, 2004.

Consultant, Telecommunications, worked on a project concerning impairment issues and competitive local exchange carriers, 2003.

Consultant, Pharmacoeconomics, worked on a report which compared the effectiveness of total population versus disease specific neural networks models in predicting medical expenses, 2003.

Consultant, Pharmacoeconomics, worked on a report which examined the economic and clinical benefit of a patch as related to catheter related bloodstream infections, 2002.

Consultant, worked on antitrust case concerning minimum advertised price in the music industry, 2002.

Consultant, Postal Economics, worked on a report which examined the flaws in the United States Postal Service proposal for temporary suspension of the fee for Manual Delivery Confirmation, 2001.

Consultant, Health Care, worked on a report which examined the issues of an earn out agreement in the Prosthetics market, 2000.

Consultant, Health Care, worked on an antitrust case concerning the relevant market for physician and hospital services, 1999.

Consultant, Telecommunications, examined the market definition of reselling in the international callback market, 1998.

Consultant, Telecommunications, worked on an analysis of the meaning and application of surcharges in contract tariffs, 1998.

Consultant, Telecommunications, worked on a report that examined the desirability of entry in the wireless telecommunication market in the Gulf of Mexico, 1997.

Consultant, Telecommunications, worked on a report which examined a most favored customer clause to determine if other customers were getting better telephone rates, 1997.

Consultant, Telecommunications, worked on a report which determined the possible rates that our client could negotiate for 800 services, 1997.

Expert Witness, Medical Reimbursement, testified before the Provider Reimbursement Review Board concerning statistical analysis of medicare reimbursement, 1996.

Consultant, Telecommunications, worked on a report that examined the portfolios of telecommunication, cable and cellular companies, 1995.

Consultant, Radio, worked on a report which examined the economics of satellite radio, 1995.

Consultant, Telecommunications, worked on a report that analyzed AT&T contract tariffs with respect to resellers, 1995.

Consultant, Telecommunications, worked on a report on price cap reform and capital investment incentives, 1994.

Consultant, Medical Reimbursement, provided statistical analysis, 1992.

Consultant, Telecommunications, worked on a report on international and domestic long distance rates and services, 1992.

Expert Witness, Antitrust, gave testimony on competitive effects of exclusive arrangements in medical markets, 1991.

Consultant, Telecommunications, developed a report comparing incentive and rate of return regulation, 1989.
